“ Sue! We never met but you were always so kind to me. You wrote Ray and I the sweetest birthday cards (and Dak). I regret not getting the chance to meet you. Rest in peace. Inis will never smell the same ;)

“ So sorry Susan I cannot make the drive in to your service. I'm just out of spinal fusion surgery, but my thoughts and prayers are with you and your family. Gone to sudden and too young! May you rest in peace and have no more pain.

“ Farewell Sweet Sue. I am so glad we were able to get together in March. I know we go from time to time without talking or texting. But when we do it is like we never stopped. I want to thank you for all the times you talked to me and comforted me in our talks. You were always nice to me and I will miss that. You are now at Peace. A friend had one of the dogs from you named Gia. She gives her condolence and hopes Gia was there to greet you in your next LIFETIME adventures. XOXO Fly High

We will miss you Prayers & Love from your niece Shawn
