“ I knew Bobby since kindergarten. All through school he was smart, kind and funny as hell. Adeline, you seemed to be perfect for him. I will be forever grateful for having the opportunity to really get to talk to him at our reunion. Sending love and strength.

“ Chaz and I were bandmates in the Dynatones for many years, and in that time, I loved the absolutely upbeat approach he had to life and the passion he brought to his work with the band — his sense of humor was also unique and infectious. I truly lament his passing and offer my sincerest condolences to Adeline, his children, his extended family and all who knew him. However, I take solace in the fact that he is now reunited with his long-time sidekick and fellow trumpet player, John Killian. Together they are undoubtedly providing the horn section for that “Great Gig in the Sky.”

*RIP Chaz.*

“ *Adeline and Family. Deepest sympathies for your loss. I knew Bob for many years. We went to grammar school together. I also knew him through his love of music and the bands playing at places like Broadway Grill. May your many memories of your time with him help you through these difficult days.*
