“ Oh Lola how do I start you've been a part of my life for almost 40 yrs ! Starting with your once a week hairdo to hairdo and few times a week talk ! I will miss our chats. It was fun getting to make each other chuckle . I enjoyed listening to you talk about the different things you have done threw the years and the love you had for your family. Lola, your kids meant the world to you. I want to tell her Children how much she loved her family, you mom told me how she enjoyed her meals with Cindy (you are the best cook you know) and Betty she talked all the time about you the things you did together (and of course Panda) and Gary we all knew you where a Halloween baby and all the fun times she had in Arizona , there's to many to mention. I told Lola she was lucky to have a family like this and she told me she was the lucky one . I wanted to let her family know this. Lola you can now be with your Brian and Earl and the rest of your family and friend who have gone before you . Lola you have touched my life with your friendship , helpfulness, laughter ! Kevin says he was almost ready to be your hairdo chauffeur ! Thank you for being a part of my life ! Love you Lola 💔
