“ *I worked with Gene at Janik paving about 30 years ago for couple summers while I was in college and law school. He was really great to me and I have nothing but fond memories. He could have cast me aside like some young college kid but he instead showed me how to rake, wheelbarrow, and be a good laborer. BTW I still get freaked out about standing in the back of a large raised dump truck moving the last of the blacktop to the shoot for your Dad to wheelbarrow away. Your Dad also helped me escape the wrath of Bob Kazmierczak, who was our lovable foreman who was always happy as long as we were working hard and not stealing too many of his Genny's out of the water cooler. It was a fun and memorable time. When I saw his picture in the paper I couldn't believe how much he hasn't changed. He looked the same as I remember him. Having lost my dad a few years back at a young age I understand how difficult it could be. You'll find your self having "moments" over the next few months. Just remember all the good times and things that he taught you to help carry you through. I apologize for being unable to pay my respects in person. We will keep you and your family and our thoughts and prayers. Dan Chiacchia*

“ Dear Anne,
Elizabeth and I send our Love and prayers at this very sad moment
in time.
Gene was always a person who always danced to his own tune.
May he rest in peace.
