“ *So many memories but the best one was when Jake, being very secure with the man he was, agreed to give me a perm. Oh the look on Pam's face when she walked in. Of all the things that she ever imagined walking in on her boys doing and Jake just kept doing what he was doing like it was nothing...BTW, it was the best perm I ever got. I can feel that the world is a sadder place with him gone. Till we meet again old friend.*

“ I am so sorry to hear of Jake's passing. I remember when Teddy - Marty and Rob were stuck at the bus station downtown and they had Jake call my house and that's how we met by phone and became instant friends He always made me laugh especially when he hid behind a giant gumby in my room just to surprise me after a long tough day I had. I won't ever forget the laughs we shared and all the good times at the rink or at my house. So sorry to the Parisian family you all are in my thoughts and prayers

“ *My cousin Jake was quite a character - he could make anyone laugh - he always reminded me of Jay Leno with his jaw line and what a sense of humor!!! I remember 2 memories - 1 was when this elderly woman was standing in front of our Aunt Rae and myself - her name was Henrietta "The Gum Runner" - she had no teeth in her head and was all gums - so Jake - being the wise guy - he thought it would be fun to go behind her back make faces with his lips - real funny Jake - so hard no to crack up laughing - and - 2. the other times were when he would pull those facial expressions with eye issued people where one eye would go one way and the other eye would go the other - and what he said was so hysterical, like hey can you see me or focus, something to that effect. Man, Jake sure going to miss you making us all laugh - love you big time cuz!!! Hugs to you - so young and never forgotten - R.I.P. Jake!!!*

“ As kids we had a few adventures. One I can post here involved our method of transportation. We used to ride the trains to the Thruway mall. Summer or winter. One winter we were jumping on and all of the sudden the train really took off. Jake and I knew if we did not get off there was no telling when or where it would stop again. We knew we had to jump for it. On the count of three we jumped. First Jake then me. Jake hit a snow bank and I landed on Jake. On the way back home Jake never once got mad at me for landing on him. He just rolled with it, just the kind of guy he was.
