“ *Our deepest condolences to you Amy and for the whole family .... sincerest appreciation for LINDA our friend and family member. Linda was my wife's (Abbie) friend and upon her untimely death was my sons Joseph's and Christopher's companion while I managed my accounting practice. She never refused a request for help even beyond expectation. A strong and focused personality with a zest for life is her legacy together with loyalty and devotion to family & friends. God Bless and enjoy well earned Peace. Bill, Joe & Chris*
