“ *Condolances to my family on the loss of a great woman i wish i could have been there to say my goodbyes*

Aunt rita was such a sweet kind hearted woman she was always sohappy and so full of life and careing of others she always greeted you with open arms the second you walked threw the door no matter who it was she was always trying to feed you or give you pop lol i still remember the first day i met her. Her and aunt debbie excepted me as family from day one and i couldnt have been blessed anybetter it was my first christmas with the family . i have 13 years of memories of aunt rita but my absolute faveorite memory was our trip to vermont to the teddy bear factory and the christmas shop with aunt debbie and my fatherinlaw. aunt rita was like a kid in a candy store i will never forget that smile she wore it the whole day she even.thought the ride.on the ferry was the best thing in the world it was so nice to beable to share in that excitement.
