Tribute Wall

“ I remember hanging out with your family, playing in the snow in our suits and at your house with the plum tree climbing that tree. Your Dad always had food and jokes. He used to call me Ronnie. I remember his motorcycle and the rides. Bobby, you were at the house when I had my ears pierced at 13 to hold my hand for the needle. Your family was a part of my childhood and teen years. Prayers for all of you, Bobby, Randy, Donna, Debbie, Tammy and Bianca, that your hearts mend on the loss of your Dad.

“ Bob was my BEST FRIEND. over the years of knowing one another we became as one in a special friendship way. He taught me many things in the 14 years of knowing him. We shares many laughs together over the phone along with so much more. I respected him in every way, he always told me the truth if I wanted to hear it or not. What I loved about Bob. He always made me such beautiful tags for my mail along with special birthday cards I'll treasure always. He was always thoughtful and encouraging when it came to my health. He listen when I cried and always had a way with words to make me feel better and go on. He loved his wife very much along with family. Family was very important to Bob. He is deeply missed by all who knew him. Bob has earned his angel wings on high watching over all of us. He is Free from all suffering and pain now. RIP my dear ,sweet loving friend, praying we will meet when my time on earth is through until that time, I'll be thinking of you with much love always. So very happy I met you and we became friends. I couldn't ask for more. My thoughts and prayers are with his wife and family.

“ I remember when we lived on Person st. At the end of the street you could go by the train tracks that went to the back side of central terminal. My dad used to give us rides on his mini bike we must have been like ten years old because I was small enough to sit on the gas tank between my dad's legs. Well, the part I remember most is when we would jump this high pile of rocks, the pile seemed like twenty feet high, as we flew threw the air I still remember turning my head (mid flight mind you) and seeing my dad smiling like he didn't have a care in the world. I miss you pop, RIP 😊
