“ I went to chiropractic medical school with Toni, but didn't get to know her until we were both practicing in Denver. I remember going over to her house where her mom made fantastic home meals. Toni and I used to adjust each other frequently. Oh how I missed that once she moved back to Buffalo! I will miss her mellow and kind soul, her easy and quick smile and her down-to-earth nature. Love you Toni! 🥺 Randy

“ I met Toni through our healthy living support group, and she was kind to ask me to present a luncheon at Gilda's Club. We remained in contact, since then, especially over the past 2 years. I always enjoyed Toni's gently presence. She had a special way of looking at everyone with reverence.

*I am thankful for the time I've gotten to spend with Toni.
Joe and Helen, and the entire family, to you I send my condolences.*

“ I learned about Toni's death this morning at her regular Tai Chi class —which has had a substitute for some weeks. The news was very shocking. I knew Toni was not well, but had no idea about her true condition; she really hid it. My very deepest sympathy goes out to you, Joe, your family and friends. Toni was a kind, gracious and nurturing teacher for our small group. She was equally patient with every participant, especially the beginners (which included me).
Although I'm just starting at Tai Chi, my memory of Toni will serve as a continual inspiration and reminder to do well.

“ Joe, I met you through Toni some years ago !
She always loved her visits with you.
Toni was my neighbour in Buffalo for 4 years.
We shared a love of cats, food, gardening and yoga !
I also met Toni at Gildas and we'd often walk there together on
Friday mornings, to yoga
and the healthy lunches that she organised !
Since returning to Australia 6 years ago we emailed from
time to time ! My cat moved in with her which was no surprise
since Toni was so loving to her !
My last contact with Toni was in January when she told me about
her
illness ! It was devastating news !
Toni will forever remain in my
memory as a soft gentle, caring and loving soul !
She will Rest In Peace ! Love to you forever Toni !

“ Dear brother Joe and family of Toni, as you know I am out of state and unable to attend the visitation for Toni but wanted to again send you my heartfelt condolences. I am so so sad .

Grateful for your loving care in these last final weeks. I last talked with Toni on Jan 17th via phone and she was so appreciative comfortable and happy to be there in your home with you . You know I consider it my good fortune to have been Tonis long term Landlord and friend . She also on occaission cared for my animals when I was out of town We met years ago at Gildas club in Buffalo through a healthy eating lunch group. At Gildas, she helped to bring in speakers, show videos educating all about alternative ways to fight and prevent cancer, published a healthy eating cookbook there - she was a maverick woman in many ways .

Personally Toni was a steady comfort and inspiration to me .

Someone who ' walked the talk ' with great integrity in all she did. Unassuming, humble, sensitive- an incredible animal lover (her cats !!!) with a quiet and deep strength . Her gentle reminders to me to slow down in mindfulness(I tend to have a lot on my plate) resonating now in missed opportunities to spend more time with her during these last months- lessons learned dear gentle Toni.

The world is much dimmer without her here and she will be greatly missed .

Again , my deepest sympathy to all family and friends and to all whose lives she touched . Laura Dahl

“ Dear Family of Toni -

I am another of Toni's Tai Chi students from the JCC. Her wisdom, endless patience, gentle humor and kindness made every class a pleasure. We learned so much from her, and not only about Tai Chi.

Her legacy in this one place will live on for many years. Considering the impact she has had on me personally and my classmates, I can only imagine that she has made an impact on hundreds of people, wherever she spent time.

You are fortunate to call her your relative; I am honored to call her my teacher, mentor and inspiration.

We will miss her.

“ To Joseph and your extended family, my heartfelt condolences. Although we have never met, I am one of Toni's tai chi students at the Jewish Community Center. Toni was both an inspiration and a friend to all of us, and we were all devastated when we learned of her serious illness last month. Since then, we have been dedicating our practice to her each week as a way of sending positive thoughts and prayers her way. I hope that you will all find comfort in knowing that her suffering is surely at an end. Now my thoughts and prayers are with all of you.

“ Toni has been our beloved Tai chi teacher for the past 3+ years. Always patient, always kind, always the embodiment of the Tai chi principles she shared with us. I am so grateful for having known her and learning from her. We will miss her so but the beautiful energy she shared so generously lives in our hearts.

“ I can't believe it. I can't believe she's gone. Toni was my poetry student at Gilda's Club for years and also when the class continued to meet elsewhere after Gilda's closed its doors. And she was my friend. I was out of touch with her in recent months and did not know she had been ill. She was kind and thoughtful, gracious and caring. She will be missed. Some of her poems were published in the anthology "The Memory of Whiteness" (Destitute Press, 2015).
